AGAINST THE AMENDMENT

Senator Pritchard's Campaign Soon to Begin

EARLY BIRD CATCHES THE WORM

Will Be the Commencement of Senator Pritchard's Campaign for Re-election—After the Enemy.

Special to THE TELEGRAM.

Washington, Jan. 5.—Senator Pritchard, of North Carolina, will, it is announced, at an early date open his campaign in the state in opposition to the constitutional amendment which seeks to limit negro suffrage in the state. The election on the adoption of the amendment does not take place until next August, but the Senator proposes to start the ball rolling in opposition early, evidently going on the axiom that the early bird catches the worm. The Senator's opening speech of the campaign will be at Raleigh, the county seat of Richmond county, and the date selected is January 16th. It is likely that the Republicans of the state will do their best to make the opening meeting of the constitutional amendment campaign a big one, and the North Carolina Senator will have a big audience. The speech will be notable also, as it will be virtually the beginning of Senator Pritchard's campaign for re-election, although his term does not expire until 1903, and in the meantime the successor of Senator Butler is to be chosen, whose term expires in 1901. Senator Pritchard's opposition to the amendment is earnest, and he is confident that it will be defeated at the polls. It is said that at the Rockingham meeting he will outline his reasons clearly in opposition to the adoption of the amendment, and among other reasons assigned for opposition, he will strive to prove that if adopted by the people of the state it will disfranchise a large number of white voters as well as colored voters. The section of the state in which the Senator will deliver his opening speech of the campaign is the democratic stronghold of North Carolina, but Senator Pritchard says he would prefer to open his campaign in a democratic stronghold, because it is the enemy he's after. Judge Ewart, of North Carolina, is in Washington for a few days, stopping at the Metropolitan. The friends of the judge are still confident of his confirmation and they expect the committee on the judiciary of the senate to report his nomination to the senate at an early date. Among those who are opposed to the confirmation of Ewart is Hoar, republican, of Massachusetts. Representative Bellamy, of North Carolina, one of the new members of the house of representatives, is not after the paper trunk. He has introduced a bill to remove the duties on wool pulp and other raw materials used in the manufacture of paper, and a reduction of fifty per cent. of the duty on manufactured paper. It is said that the bill is supported largely by the newspapers of the country. The measure is before the ways and means committee, where it is likely to slumber during the present congress, although it is said Mr. Bellamy will make an effort to secure action. His bill is a good one and ought to have the votes of the southern members of congress.

Mr. S. M. Meek, a clerk in the state department, has been on a visit to his father's family at Columbus, Miss., for the past month. He has just returned to Washington and is accompanied by his sisters, the Misses Susie and Julia Meek, who will remain at the national capital for several weeks as their brother's guests. Mr. Meek is well known in Washington, and his sisters will doubtless receive a cordial welcome during their visit to the capital.

SMALLPOX IN CHATHAM.

Quarantine Established Against the Whole of Guilford County.

Raleigh, Jan. 4.—There is now an epidemic of smallpox in Chatham county, and several persons have died from the disease. It is certain that it was carried there by negroes from Greensboro, and this has caused outbreaks in several places in the county, and in order to protect the citizens of the county against any more smallpox cases coming from Greensboro, the county commissioners have decided to quarantine against the whole of Guilford county.

[The above report is calculated to do Greensboro great injustice from the fact that the statement that the disease was carried to Chatham from Greensboro is positively untrue. We refer to this matter at some length in our editorial columns today on second page.—Ed. Telegram.]

Several from here attended a "gathering party" near Archdale Wednesday evening.

Miss Alice Shennell attended the dance here Wednesday night, to the delight of her friends.

Depot Agent H. C. Field has moved his family into the C. & H. Hamme house, on Thomasville street.

We learn that B. E. Borge, of Ashboro, will move his family here, and that he will go into the merchandise business.

John Welborn and Henry Foster, both colored, got into a scrap last night in which Welborn got the worst of it. An ugly gash was inflicted on jaw with a knife in the hands of Foster, who made his escape.

We are told that "Uncle Tom's Cabin," which was so successfully presented by the local talent of Archdale during the holidays will be repeated again. Someone who witnessed the play at Archdale, speak of it in the highest terms. Much credit is due those who made up the cast for their clever acting.

Rev. R. G. Pearson will conduct a meeting here from March 4th to 18th. He comes by invitation. It is probable that the meetings will be held in the M. E. church, which has the largest seating capacity, 1,500, of any church in town, outside of the Friends' house of worship.

At their last meeting the Jr. Order here elected the following officers for the ensuing year: V. A. 1901, post-cumulator V. Y. Horsey, counselor; J. W. Goodman, vice counselor; D. C. Aldridge, recording secretary; R. L. Smith, warden; G. T. Smith, conductor; W. J. Chubert, inside G.; S. H. Poplin, outside G.; W. C. Herndon, chaplain.

The firm of Garner & Co., who moved their stock of dry goods here from Lenoir several months ago, and who have been doing business in the Lenoir building, Main street, made an assignment yesterday, naming W. C. Jones, of this city, as trustee. This is the first failure here in years. In fact we can only remember one other failure in business and that was several years ago by a dry goods merchant, who also moved here from another town.

GLD TIME RAILROAD BONDS.

Something About the Ante-Bellum Bonds Funded Last Week.

The ante-bellum bonds which the state treasurer received from New York last week to be funded are interesting papers. Five of these bonds, of the denomination of \$5,000 each, bearing date of July, 1858, were authorized by an act of the general assembly for "The Western North Carolina Railroad Company." These bonds are signed by C. H. Brogden, governor of the state, and D. W. Coats, state treasurer.

There are six bonds issued in 1910, with the signature of Governor Clark, which were authorized by "An Act to Secure the Completion of the Wilmington Charlotte and Rutherford Railroad Company."

Most interesting of all these bonds are ten of the denomination of \$500 each, which were issued by "The Cape Fear and Deep River Navigation Company," which were endorsed by the state and approved by the state treasurer.

These are the bonds issued in 1910, with the signature of Governor Clark, which were authorized by "An Act to Secure the Completion of the Wilmington Charlotte and Rutherford Railroad Company."

BOY FRENCH FAILED TO TAKE

The Town—The Boers Strongly Enraged and Dominating the Railway—Other War News.

By Cable to THE TELEGRAM.

Reimsburg, Jan. 4.—General French's left flank at Coleburg was vigorously attacked by Boers this morning. They were met by a heavy fire and after a gallant struggle withdrew to Koppes. The position they took at that point was in turn gallantly stormed by the British and taken after a terrible fight.

Nineteen Boer prisoners were captured and their loss in killed and wounded was fifty. The British loss was trifling.

The Boers still hold the hills, dominating the railway on the north and are strongly entrenched about town so that General French was prevented from either taking the town or cutting the Boer line at Norvell's Poles.

GAGE IS READY.

Will Make Full Reply to the Suller Resolution.

By Wire to THE TELEGRAM.

Washington, Jan. 5.—Secretary Gage is prepared to make a full and complete reply to the Suller resolution, which was adopted in the house yesterday. His friends say his statement will make some of the statements about him appear ridiculous.

The reply will be sent to the house next Monday and will point out that it is necessary to do something to relieve the money market and the only safe way to increase deposits in national banks. That to do this it is necessary to have some banking institution which would distribute the receipts as directed by the secretary.

Inasmuch as the Treasury could not distribute the money turned into the treasury without a direct appropriation by congress. That the National City Bank came forward promptly as security for four million of bonds a number of days in advance of any other bank, and that the bank, instead of making a profit, was really under a heavy expense in acting as distributing agent. That it can show so partially because the distribution was made by the direction of the secretary of the treasury, and that the secretary all the time amply protected the United States bonds.

FRIDAY, JAN. 5, 1900.

NOT GREENSBORO.

The usually well informed editor of the Chatham Record has fallen into an error about the origin of the smallpox in Chatham county. In his paper of yesterday he says:

"Notwithstanding the efforts made by Dr. Chapin, the county superintendent of health, to stop the spread of smallpox in Chatham, there are a few more cases. And, like those heretofore reported, they were caused by negroes coming from Greensboro. By a rigid quarantine there was no epidemic in Gulf township on account of the three negroes who brought the smallpox from Greensboro a month ago, but week before last another negro, named Fisher Holmes, came from Greensboro sick and in three days was broken out with smallpox. His family has been quarantined and it is hoped the disease may be confined to them. It is strange that the authorities of Greensboro will continue to allow negroes sick with smallpox to leave that city and carry it to other places."

"In order to protect the citizens of Chatham against any more smallpox cases coming from Greensboro, our county commissioners on last Tuesday decided to quarantine our county against the whole of Guilford county. Accordingly they directed the sheriff to station a guard at every depot on the Southern railroad (the old C. F. & Y. V.) in this county and prevent any passenger, coming from Guilford county, from getting off the train unless he has a proper health certificate. The commissioners also requested the Southern railway company not to sell any tickets to or carry on its trains any person in Guilford county desiring to come to Chatham, unless he can show a health certificate. All persons, therefore, who wish to come from Guilford county to Chatham must have a proper health certificate."

The facts are as follows: Nearly a year ago there was a suspected case of smallpox in Greensboro. The opinion of physicians were divided as to whether it was genuine smallpox. But the city authorities treated it as smallpox and it was stamped out without a single case outside that family.

Nothing more was heard of smallpox until the 26th of November last, when the authorities discovered the disease at the Terra Cotta Works, beyond Pomona. It had made considerable headway when discovered, and the county commissioners were called as quickly as possible and a quarantine established which is yet in force. So strict and efficient has been the work that the disease is now about stamped out, not a single new case having appeared for several days. This trouble is five miles distant from Greensboro, and is in the hands of the county commissioners and not the "authorities of Greensboro."

And in justice to the county commissioners we will say they have not been careless in the matter. Can as much be said for Chatham? Let us go back a little. As before stated, the disease was discovered on the 26th day of November and action was taken at once; but of course it required more than a few hours to effectually quarantine the infected territory. On the next day, the 27th of November, three negroes left the infected district and it was supposed they went to Chatham. They were gone before anyone knew it. Immediately, on hearing of this Chairman Boren, of the county commissioners, notified the sheriff of Chatham county and Messrs. Bynum & Paschal at Goldston to look out for them. Since then no one has left the quarantined district with the knowledge or consent of the authorities and it is not believed any have escaped.

It looks like the Chatham authorities have been careless and negligent in allowing the disease to spread to

such proportions as it has, according to the papers, when they were promptly notified of the first suspects. It is different in Guilford. No one knows where the disease came from or when it came. It had made strong headway before discovered and instead of increasing it has been about stamped out. It has not affected Greensboro, and the Record is way off in its statement.

We respectfully submit that had the Chatham authorities been as prompt and persistent in dealing with the trouble as have those of Guilford they would have little cause for alarm. There appears to be now greater reason why Guilford should quarantine against Chatham than for Chatham to quarantine against Guilford, and there is every reason why the Record should correct its repeated statement that smallpox cases are continually leaving Greensboro and invading Chatham.

We believe that Editor London, who is a uniformly courteous and fair man, will do this when the facts are called to his attention.

EXCITEMENT IN LUMBERTON.

The Governor Sends His Guard to Keep Things Quiet.

Lumberton, N. C., Jan. 4.—All quiet in town at 9 o'clock tonight except that the negroes are beating drums and shooting in the suburbs. The sheriff expects to hang Reuben Ross tomorrow unless the Governor interferes.

Twenty-seven men and officers of the Governor's Guard, under command of Capt. J. J. Bernard, left here last night at 8:30 on a special train over the Seaboard to prevent the lynching at Lumberton of a negro, Reuben Ross, convicted of assault on a white woman, Mrs. Strickland, and respite by Governor Russell.

About noon yesterday Governor Russell received a telegram from citizens of Lumberton stating that there was danger that Ross would be lynched. Acting on this Governor Russell sent for J. C. L. Harris, Acting Adjutant General, and told him to order Captain Bernard to detail twenty of his men to hold themselves in readiness to move at a moment's notice. He also instructed Mr. Harris to arrange for a special train over the Seaboard Air Line to carry the company to Lumberton. About 7 o'clock the guard reported at the armory where Capt. Bernard detailed twenty men and six officers to go. Neither the officers nor men knew where they were going, but at 8:15 they were ordered to march from the armory to Hargett street crossing of the Seaboard where the special, consisting of a baggage car and passenger coach, was in waiting. Adjutant General Harris saw the company aboard the special with "run regardless" orders and "Old Man" Johnston at the throttle pulled out. Captain Bernard was given his sealed order after getting aboard the train.

GOVERNOR RUSSELL'S STATEMENT.

Governor Russell was seen last night and asked for a statement for the Associated Press. He said:

"A negro named Reuben Ross was convicted of rape, sentenced to be hanged. I postponed the execution until Friday, January 5. Upon petition from leading men in Robeson county, including the mayor of Red Springs, where the affair occurred, the mayor of Maxton, Mr. G. B. Patterson, member of the Legislature from Robeson county, and half dozen or more of the jury which tried the case, the foreman of the grand jury and many other citizens, all of whom asked for executive clemency, I have again postponed the execution for one week. This I have done at the earnest solicitation of Messrs. Cook, Morrison and McNeill, lawyers for the prisoner. In order to take further time to consider the case, it being represented to me that there were threats of lynching the prisoner at Lumberton, I ordered Captain Bernard with twenty men of the Governor's Guard to Lumberton tonight to keep the peace."

Governor Russell was asked if he had been requested by the sheriff of the county to send troops. He declined to say. He was asked from whom were the representations as to the danger of lynching. This also he declined to give out. He merely repeated that "representations" had been made to him. Acting Adjutant General Harris was equally reticent. He had merely had his instructions from Governor Russell and had carried them out.

MR. HARRIS' STATEMENT.

As to the details of sending the troops and the orders given Captain Bernard, Mr. Harris said:

"About 1:30 o'clock yesterday Governor Russell sent for me and directed me to issue orders to Captain Bernard of Company B, Third regiment, to detail twenty of his men, armed and equipped according to law, with such officers as he might deem necessary,

and to accompany them himself, tonight to Lumberton, where he would find a prisoner, Reuben Ross, who had been sentenced to be hanged, and whose execution had been fixed for tomorrow. On arrival at Lumberton Captain Bernard was directed to report to the sheriff of Robeson county and protect the prisoner from mob violence and uphold the civil law. He was directed to remain until further orders from the adjutant general's office. Such was the substance of the orders I gave Captain Bernard. I engaged a special train over the Seaboard, which will be in Lumberton at 1:30 tomorrow (Friday) morning. The train had right of way and no stops were to be made except for fuel and water. The company carried Springfield rifles and ball cartridges."

CUBAN "VETS" SENT.

Nearly all the twenty men who were detailed are ex-members of the First regiment of North Carolina volunteers and saw service with that regiment in Cuba. The utmost secrecy was observed in getting the men away and it was not known until a few minutes before the train left that troops had been ordered out. It was generally supposed when the fact became known that a riot was actually going on in Lumberton, or Wilmington, the latter report being current.

LUMBERTON IGNORANT OF THE REPRISAL.

From the Telegram printed above it is evident that the people of Lumberton had not heard last night of the new reprieve of a week which Governor Russell has given Ross. A gentleman interested in the case said last night that no one but the attorneys knew of the reprieve and that he was sure that neither of them had sent any word of it to Lumberton. This, in connection with the governor's refusal to state from whom the telegram came, saying there was danger of lynching, puts a queer face on the matter. It is clear that no violence had been attempted and the troops could only have been sent as a precaution.

IS ROSS GUILTY?

Mr. Dan Hugh McLean, of Harnett, prosecuted Ross for the crime in the criminal court. He said last night:

Governor Russell sent for me about 1 o'clock and asked me whether I thought Ross was guilty. I said, "Governor, I prosecuted Ross for the crime. When the evidence was all in I was convinced of his guilt. I told him that I was still of that opinion and believe that if ever a guilty man stood in the shadow of the gallows, Reuben Ross was that man." The governor said, "but so many prominent people down here think Ross is innocent." I replied, "I do not know about that. You have asked me for my opinion and I have given it."

"Judging from what the governor said to me I did not think he had asked any action, but from what I have learned since I think he had already telegraphed down there about it."

THE CRIME AND TRIAL.

A gentleman who has followed the case closely throughout said last night he had asked for a statement:

"The case was tried before Judge Jersey Battle in the criminal court at Lumberton, the first of November. Judge Battle assigned Messrs. John d. Cook, of Maxton; R. B. Morrison and Charles McNeill, of Lumberton, to defend Ross. He was convicted and sentenced to be hanged December 5. He was respite for 30 days and again yesterday for one week."

"The evidence in the case was on the part of the prosecutor that the crime was perpetrated at 11 o'clock in the day; that she dined with her husband that day; and that several days elapsed before she told her husband about it. She explained this by saying that she and her husband were strangers in the community, were poor people and did not have any friends to stand by them in their distress. The jury, after a careful consideration of the matter convicted the defendant."

"There is a petition before the governor signed by many people, some of them the very best citizens in the county, asking that a commutation of the sentence be made to life imprisonment. There is a separate petition signed by six of the jurors joining in the same request."

"During the progress of the trial Mr. John H. Cook, who was assigned by Judge Battle to defend the prisoner and advised not to make a speech, was asked by Mr. Cook whether he did not have a dollar of the defendant's money or of anybody who represented him; that when he was asked to practice law he had taken an oath that he would prove faithful to any trust confided to him, and that he would not in that case be a coward. Mr. Cook made a speech for the defendant and conducted the defense, aided by his associate in a creditable manner."

"Yesterday Mr. Cook, with his associates, saw Governor Russell and presented the matter, including petitions and affidavits, but received no intimation from the governor as to what course he would follow. And the respite granted by the governor has been for the purpose of a fair and complete investigation of the matter."

When a thief steals a pair of new shoes he deserves to get "pinched."

Story of a slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. Geo. D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This "miracle-working" medicine is a godsend to weak, sickly, run-down people. Every bottle guaranteed. Only 50 cents. Sold by C. E. Holton, druggist.

The fellow who blows the hardest isn't always the one who can raise the wind.

He Only Repeats What has been said Around the World.

It has been demonstrated repeatedly in every class in the union and in many foreign countries that Chamberlain's Cough Remedy is a certain preventive and cure for croup. It has become the universal remedy for that disease. M. V. Fisher, of Liberty, W. Va., only repeats what has been said around the globe when he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times." This remedy is for sale by C. E. Holton, druggist.

Isn't it queer that the pugilist, who is a uddish little movements usually gets whipped?

Bismark's Iron Nerve.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where stomach, liver and kidneys are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25 cents a box at C. E. Holton's drug store.

The man who operates a weighing machine may not be musical, but he can at least run the scales.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

If you don't want your good name stolen, don't have it engraved on the handle of your umbrella.

Free of Charge.

Any adult suffering from a cold settled on the breast, bronchitis, throat or lung troubles of any nature, who will call at Grissom & Fordham's, will be presented with a sample bottle of Boschee's German Syrup, free of charge. Only one bottle given to one person, and none to children without order from parents. No throat or lung remedy ever had such a sale as Boschee's German Syrup in all parts of the civilized world. Twenty years ago millions of bottles were given away, and your druggist will tell you its success was marvelous. It is really the only throat and lung trouble generally endorsed by physicians. Only 15-cent bottle will cure or prove the value. Sold by dealers in all civilized countries.

When a woman no longer takes an interest in what other women wear it's time to call in the doctor.

Prevented a Tragedy.

Timely information given Mrs. George Long, of New Straitsville, O., prevented a dreadful tragedy and saved two lives. A frightful cough had kept her awake every night. She tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1.00. Every bottle guaranteed. Trial bottles free at C. E. Holton's drug store.

There is a dread report—now going round.

That echoes clear from "Frisco" to Hoboken.

It is, alas! the terrifying sound Of New Year's resolutions being broken.

Volcanic Eruptions.

Are grand, but skin eruptions rob life of joy. Bucklen's Arnica Salve cures them; also old, running and fever sores, ulcers, boils, felonies, corns, warts, cuts, bruises, burns, scalds, chapped hands, chilblains, best pile cure on earth. Drives out pains and aches. Only 25 cents a box. Cure guaranteed. Sold by C. E. Holton.

H. B. Frisell on the Negro.

Washington, Jan. 4.—H. B. Frisell, principal of the Hampton, Va., Normal and Industrial Institute, before the Industrial Commission today, said that in many sections of the south the condition of the negro is no better than in slavery days. Although the south has spent one hundred millions of dollars on public education for negroes, one third of the race has actually retrograded, one third is where it was at the beginning of the war and the remainder have advanced. Negroes, he said, have been taught that their salvation will be found through political means rather than hard work.

RHEUMATISM CATARRH

It is the deepest, obstinate cause of Catarrh and Rheumatism that B. B. B. (Botanic Blood Balm) cures. It matters not what other treatments, doctors and remedies have failed to do, B. B. B. always promptly reaches the real cause and roots out and drives from the system the specific poison in the blood that causes Rheumatism and Catarrh. B. B. B. is the only remedy strong enough to search out the poison, not only in the blood, but the bones, mucous membrane and entire body, and eliminate or drive out the last vestige of the disease so there can never be a return of the symptoms. If you have been disappointed in sprays, liniments, medicated air, snuff, blood purifiers, etc., don't give up hope but try B. B. B. (Botanic Blood Balm). It has been thoroughly tested for 30 years and has never failed to permanently cure obstinate Blood Diseases as Rheumatism, Ulcers, Catarrh, Eczema, Scrofula, Pimples, Eczema, after all other treatments had failed. Ask your druggist for B. B. B.—Botanic Blood Balm or 3 B's.—Large bottles \$1, six bottles (full treatment) \$5. B. B. B. is an extremely safe and reliable remedy. So you may test B. B. B. GOLD THE STANDARD.

Debate on Currency Bill Begun in the Senate.

Washington, Jan. 4.—The feature of the proceedings in the senate today was the opening of debate on the substitute bill for the house currency bill by Mr. Aldrich, who lengthily explained its provisions, going over the bill section by section. He said the general purpose of the bill was to declare anew that gold is the monetary standard of the United States, to lighten in every possible way the burdens imposed on the taxpayer by existing public obligations, and to strengthen the public credit.

Mr. Cullom introduced a bill providing for a government for Hawaii, which was placed on the calendar.

Mr. Beveridge presented a resolution declaring that the Philippines belonged to the United States, and it was the intention of the United States to retain them and maintain such government control as the situation demanded.

Mr. Pettigrew offered a resolution calling on the secretary of the navy for a copy of Dewey's report of April 13, 1898, saying he could take Manila at any time. Both resolutions went over.

Mr. Hoar made a personal explanation, saying he had been requested to oppose the seating of Mr. Quay on account of charges against him. He said if he were to deny, on such grounds, the right of a governor to appoint a senator he would also have to deny the right of a legislature to elect.

The senate adjourned until Monday.

IN THE HOUSE.

The House, after a brief session today, adjourned until Monday.

Mr. Sulzer's resolution of yesterday calling Secretary Gage for information regarding the dealings of the treasury department with certain national banks of New York, was reported with an amendment so as to include a request for information regarding the sale of the old custom house to a New York bank, and the resolution as amended was agreed to.

A resolution was presented later by Mr. Bingham extending the thanks of congress to Sampson, Schley and the officers and men under them for the destruction of the Spanish fleet at Santiago, and another by Mr. Quarles extending the sympathy of the house to the republics of the Transvaal and Orange Free State in their patriotic struggle to preserve their governments from destruction at the hands of a monarchy.

Lewis Dennis, Salem, Ind., says: "Kodol Dyspepsia Cure did me more good than anything I ever took." It digests what you eat and cannot help but cure dyspepsia and stomach troubles. Howard Gardner.

"Some people never marry," says the confirmed bachelor, "because they have conscientious scruples against divorce."

When a new star floats into the field of vision of some watchful astronomer, the world honors the discoverer, gives the new star a fitting name, and records the addition to the sun of human knowledge gained by this discovery.

Yet of what small profit to humanity at large is this discovery? What will those cold star rays do for the sleepless sufferer who coughs and burns the long night through?

A far greater discovery for the sick is Dr. Pierce's Golden Medical Discovery, a remedy which has cured thousands of such sufferers. Obsolete and deep-seated coughs, bronchitis, weak and bleeding lungs and other conditions, which, if neglected, lead to consumption, are permanently cured by "Golden Medical Discovery." It contains no alcohol or other intoxicant, neither opium, cocaine nor other narcotic.

I had a terrible cough over a year ago and could not stop it, or even to do good," writes J. M. Cameron, Scrabble Co., Ga., "I was so bad that I was forced to leave my home and go to the hospital. I bought a bottle of your invaluable Medical Discovery. Before half a bottle I was well."

Winter before this, my oldest boy (who is now nearly five years old) had a terrible cough. He had it the whole winter and all summer. Physicians did him no good, and nothing my wife and I could do did him any good. After your Medical Discovery had cured me so well, I brought him back from the hospital, and after giving him your Medical Discovery for a time he entirely recovered.

NOTICE!

ORDINANCE.

At a called meeting of the Board of Aldermen of the city of Winston, held on Tuesday afternoon, December 12th, 1899, the following ordinance was adopted:

Be it ordained by the Board of Aldermen of the city of Winston, N. C., that it shall be unlawful for any person residing or working in the neighborhood of the Terra Cotta works or Pomona, or the Guilford Battle Ground, or Guilford College, in Guilford county, to come within the corporate limits of the city of Winston within thirty days from the passage of this ordinance, without having a physician's certificate of recent vaccination, or a certificate that he has not been exposed to the smallpox contagion. Any person violating this ordinance shall be fined \$20.

That any railroad or other public carrier, bringing into the city limits any person liable to have such contagious vaccination or health, shall be fined for each offense ten dollars.

That a copy of these ordinances shall be published in some newspaper in Greensboro, in the city papers, posted at public places and a copy handed by the chief of police and to the proper officers of all railroads coming into the city.

Out of the Ordinary.

The two old friends, as has been narrated before, met again, after years of separation.

"By the way, Gagster," said Throggins, "do you remember that snub-nosed, cross-eyed little Tilbury girl, with a face on her that would defy an express train? 'She used to live somewhere in your neighborhood, I think.'"

"Oh, yes, I remember her perfectly," replied Gagster.

"What ever became of her?"

"I am sorry to disappoint you, Throggins,"—there is where the variation comes in—"but I have not the slightest idea. I don't marry her."—Chicago Tribune.

A. M. Flynt returned last night from a visit to his parents above Winston.

Thacker & Brookmann have a new and attractive ad on first page today.

Read the card of Dr. John Thames, physician, surgeon and ophthalmologist, in this issue. Office over Grissom & Fordham's drugstore.

We call attention to the change in the ad of Vancannon & Co. today. They have moved to the new Grocers building, as previously announced.

N. W. Brown, of Hillsboro, passed through the city last night returning home from Winston, where he attended the funeral of his nephew, Len Brown.

In Kaufmann's ad today you will find matter of interest. His stock is new and you should not let the limited opportunity he offers escape you. Only fifteen days left.

Mr. C. L. Van Noppen has been invited to deliver a lecture on the Bower-Brown before the students of Guilford College on Saturday night, Jan. 13. He has accepted.

The Greensboro Female College girls have nearly all returned for the spring term and a number of new students have registered. "G. F." as it is called "for short," is doing well and we congratulate the president and the splendid faculty.

RED BUCK TO WED.

The Popular Traveling Representative of the Charlotte Observer.

It is published in the papers that Mr. H. E. C. Bryant, the traveling representative and correspondent of the Charlotte Observer, is to get married. The event is to take place in the Episcopal church at Lincoln, on the evening of February 1st, and the bride-elect is Miss Eva Summers, a charming young lady of that place. It will be a brilliant occasion.

Mr. Bryant is popular everywhere he is known, and his warm, personal friends are almost numberless. Hundreds will express the wish that his consular voyage will be a tranquil one and that the balmy atmosphere of placid seas may for many long years keep fresh the ruddy glow in his cheeks before the earthly trip is over and he anchors in the sunset's glow before crossing the last dark river.

A Great Show

Is the verdict of all those who have witnessed the performances of "A Country Visitor," and yours will be the same if you see it when it appears at the Academy of Music January 8th, with his funny-farmer band, his operatic orchestra, the great sawmill scene with all their special scenery, swags, singers, pretty dancers, new music, and funny situations. Everything new, bright, clean and catchy. A success that succeeds. See the great war-graph between the acts, presenting all the latest pictures of Admiral Dewey on land and sea, and all the other late subjects.

For Men Only.

In going over our stock we find too many men's winter weight tan and russet shoes on hand, good, new up-to-date shoes, nothing in the world the matter with them except that the mild weather just before Christmas retarded the sale somewhat on this class of goods. We want to clean a good many pairs of these shoes into money before taking inventory, and if you want to buy a first rate pair of tan winter shoes we will make it to your interest to come and see us. And if you want some good, warm winter underwear in white, gray or camel's hair we can fix you up all right at very little expense.

Thacker & Brookmann.

1900 Puzzle.

The following words make splendid sense if properly punctuated. Try your hand on it, and we will print your answers:
THAT THAT IS IS THAT THAT IS NOT IS NOT.

Bell Rings Again.

The college bell at the State Normal and Industrial College sent out its merry peals yesterday for the first time since the sickness began in October. It rang for the little army of workmen who are engaged in the work of sanitation and thorough preparatory work for the opening before the close of the present month. When the terrible truth of the sickness became general the bell was silenced, but now that all are gone it will be heard once more and will be calling the bright faced young women to their studies.

Firemen!

This dangerous weapons no doubt played an important part during Christmas in carving up a few hides, and as it is always ready for business

Harry-Belk Bros Co.

Decided to try it on all Christmas goods. And my! the way we have cut and slashed the prices on toys, albums, games, dolls, etc., is a caution. Not a whole price is left in the entire lot. All must go. No room to pack away this remnant stock. We have had big trade in every department consequently, our establishment looked as if a tornado had

STRUCK

It, for everything was turned upside down, in straightening up our shoes, clothing, dry goods and gent's furnishings stock we used the razor pretty lively on several occasions, cutting as it were to the quick every time. So if you are in need of anything in either line you will save money by calling at once. Cost sale, closing out sales, fire sales and such live does not even interest the people if they once glance at the "struckage prices" of
